THE GREYSTONE

**annual
publication
of the students of
the
UNIVERSITY OF SASKATCHEWAN
at Saskatoon**

ALBERTA GENEALOGICAL SOCIETY

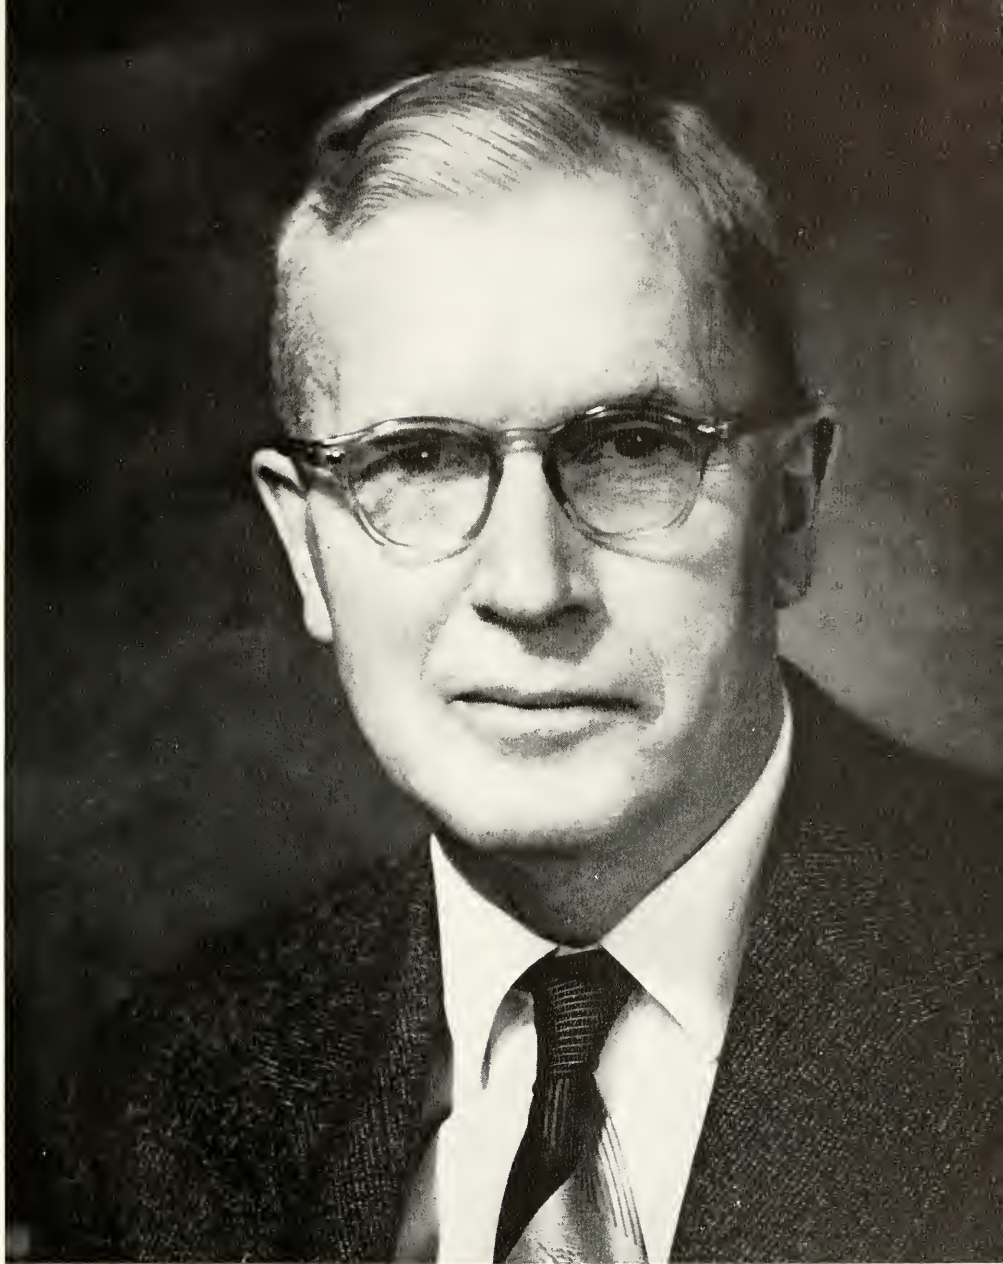

foreword

THE University of Saskatchewan is an achievement of which the people of Saskatchewan can be extremely proud. That such an institution has been developed and maintained by a relatively small population in a relatively short period of time is certainly a matter of gratification and indeed of congratulation. Having in mind the reasons which stirred people to come to our largely undeveloped province during that period of time it is perhaps quite understandable that a project of this kind was undertaken. Those who were responsible for the initiating of such an undertaking had great vision. They must have had great belief in the richness of our resources and in the ability of our people to develop those resources. Certainly they had great faith in the potential power of the institution they were planning.

Has this faith been justified? Certainly in terms of economic returns the application of research carried on in whole or in part at our University, together with the guidance to many sectors of our economy which has emanated from the University have returned many times the investment of the people. But must a university justify itself on economic grounds? Or indeed can it? Must not the justification rather come from ideals generated, from minds opened, from hopes embraced, from consciences quickened? "Youth" said an eminent American justice, "has cast doubts on our policies, challenged our inarticulate major premises, put the light on our prejudices and exposed our inconsistencies. Youth has made each generation indulge in self examination." If experience at our University has prepared students and graduates to better perform this role then indeed has the faith of the founders, the faithfulness of those who have carried on and the support of the people been justified.

May I take this opportunity of extending best wishes to the students and graduates of 1956.

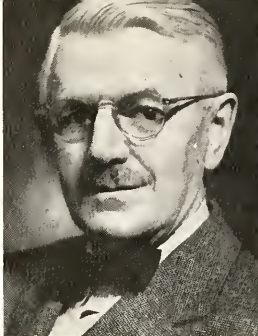

W. S. LLOYD,
Minister of Education.

The President
W. P. THOMPSON, M.A., Ph. D., D.Sc.,

UNIVERSITY HYMN

*Sing for Saskatchewan,
And let your song ring out,
And rise for Saskatchewan,
Saskatchewan we shout.*

*Think of the days you've known,
Inside the Greystone walls,
Then rise for Saskatchewan,
Give your song, your heart, your all.*

(Words and Music by Neil Harris)

W.U.S.C.

To all of those who graduate from the College of Agriculture this year—
Congratulations.

To those who expected to graduate and did not—Sympathy!

It is already evident that we will graduate fewer students this year than in
any year since 1947.

It is unfortunate that we will have so few graduates when there seems to be a
large demand for the services of agricultural scientists. The demand is estimated at
about 360—the supply at about 300, and the starting salaries all at an all-time high
level. This does not mean that every graduate who waves his B.S.A. diploma at a
prospective employer is going to be hired on the spot. Mental ability, good judgment,
the ability to size up the job to be done and then do it, will be factors which your
prospective employer will try to evaluate. From the standpoint of the graduate I
would suggest that it is more important to choose a position in which you are
interested and to which you can give enthusiastic attention, than in searching for
the one which will give you the largest starting salary.

On behalf of the Faculty I extend congratulations and best wishes to all of
you who have been successful in jumping the hurdles and have been awarded the
B.S.A. degree.

V. E. GRAHAM,
Dean of Agriculture.

arts

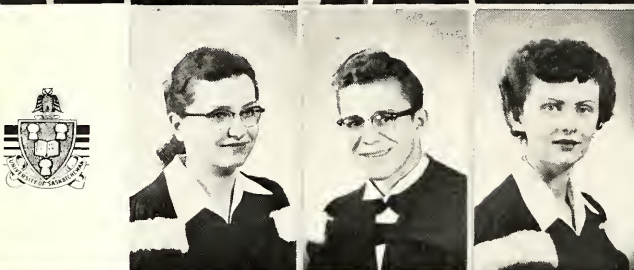

Each September, in welcoming the new students, I tell them of the central place of a college of arts and science in any university, pointing out that even students registered in other colleges will spend at least half their time in classes in arts and science.

At the end of their course I am sure that the graduates of 1956 fully realize the universal importance of the fundamental arts and sciences, and I hope that they are all taking away with them the ambition to maintain and to deepen their present knowledge in at least one of them.

J. F. LEDDY,
Dean of Arts and Science.

7. W. Z. Brown looking important

RADIO

New control room

Official opening — Feb. 28th

RADIO

The past year has been appropriately described as a building year for radio on our campus. Over three thousand dollars has been invested in equipment for the radio directorate. New studios have been constructed in the basement of the M. U. B. The official opening of the studios took place on February 28th with prominent members of the faculty, S.R.C., and radio stations present.

We now have the facilities to handle a much larger directorate. This year our directorate consisted of twenty-two members, but we feel that a directorate three times as large would easily be possible. There are openings available for students interested in any phase of radio work such as engineering script-writing, announcing and features.

Next year under the directorship of Peter Sorokan, we plan to publicize campus talent, drama, music and campus activities. These will be broadcast over local radio stations and various other stations throughout the province.

The vast possibilities offered by radio to help familiarize the public with our University makes our directorate one of the most important on the campus.

Leo Lubin and Dennis Fitz announcing.

George Merchant at the controls.

ALCOHOLIC UNANIMOUS

1. No thanks, trying to quit!
2. Hold the phone . . .
3. Bring back my bottle to me!
4. Get your censored censored feet off the table, you censored
5. It's sex and liquor time!
6. Laugh, thought I'd die!
7. Our \$5,000 went for these?

I am pleased to have this opportunity of saluting the graduating class of 1956. In this I am joined by my colleagues of the Faculty of the College of Commerce. It is our hope that in some measure we have contributed in a useful manner to a formative period in your lives. To believe that we have done so is one of the rarer satisfactions of life—a satisfaction reserved only for teachers.

You will note that this is a salute, and not a farewell. I trust that your intellectual ties with your University and your College will not be broken by the simple fact of graduation. Just as you have drawn strength from those who have preceded you, it is not only desirable but necessary that, in future years, you contribute something of your time and your substance to ensure that this is an even better place for those who are to follow.

THOMAS H. McLEOD.

Who are you trying to kid?

Potential Winogradsky's

I would like to congratulate the members of the College of Education, both faculty and students, for the outstanding job they have done this year in carrying on without an active, full-time Dean. This is a next year country and that is especially true for the College. Next year a new Dean will take charge and the College will move into its new quarters in the Administration Building. Changes in program and organization are also being studied. These events augur well for the continued growth of the College in achievement and influence.

To the graduates of '56 I would offer the congratulations of the College upon the attainment of this important milestone and hope for their enthusiasm, vigor and understanding in undertaking the twin responsibilities of day-to-day teaching and the steady improvement of our educational system.

A. C. McEOWN,
Acting Dean of Education.

Twenty-five years ago the graduate who got a job, any job, was the envy of his classmates. Fifteen years ago he went directly into one of the armed services. Fortunate indeed is the young man who graduates this year, with employers vying with one another for his services.

My one word of advice to you is that you consider what you want to be doing in ten years and plan accordingly.

My wish is that your hopes will be realized.

Yours truly,

I. M. FRASER,

Dean of Engineering.

The best wishes of the faculty of the College of Home Economics go with the graduates of 1956. Professional opportunities are numerous and diverse.

The established fields need qualified personnel in greater numbers. Additional spheres of activity are developing.

May you meet the challenges of our growing profession with the aid of your special abilities and may you have the personal satisfaction of accomplishment as you make your contribution to the welfare and progress of your community.

HOPE HUNT.

I appreciate the opportunity of writing a few words on behalf of the College of Law which has been afforded by the editors of the Greystone.

Next year should be an eventful one for this College. We will be in our new quarters with better offices, better and more convenient class-rooms, more attractive recreation facilities and more commodious, better arranged library space. It is hoped that within a few years we will have a completely adequate law library.

I wish to record my regret over the resignation of Professor G. R. Schmitt and my appreciation for the fine service he has given to the college and the university. I also wish to express my regret over the departure of the members of the third year. They have been most cooperative and I wish they could be with us in our new quarters. Their interest in the furnishing of the new recreation room has been greatly appreciated.

F. C. CRONKITE.

UNIVERSITY SINGERS

ALL VARSITY CANDIDS

98

What's the cup for?

This is a watchbird watching you

*Errol Flynn rides again
Everybody reads the Sheaf
The ladder to success
There's room for you too, fellows
The Anti-social Credit party*

This greeting from the College of Medicine goes to the last group of Saskatchewan graduates to be delivered to the outside world, as it were, without medical attention. For 1957 will see the first mounting of the platform by a few hoary scholars to receive the M.D. degree. Do not worry, however; all previous graduations have been similarly incomplete, yet undoubtedly successful.

An interesting question is raised when one thinks of still more diversity at Convocation. Are the differences between colleges greater than what we have in common as university graduates? Do we share anything more vital than eligibility for alumni association dues?

Let me suggest three marks of the graduate who has caught the spark of university tradition. He is one who tries to face problems without prejudice; he is aware of the heritage of civilization that distinguishes us from savages, and by virtue of wider interests and a sense of the more subtle values he has a growing interest in the art of successful living.

J. WENDELL MACLEOD, M.D.,
Dean of Medicine.

One of the nice things about combining university and nursing is that you never know what is going to be the destiny of the bosom friends and companions who have shared with you the path, the library, last year's notes and night duty. Your roommate may be a future Director of Nurses influencing the lives of hundreds of people. The girl whose picture is beside yours may be a future Professor of Nursing or even the Editor of "The Canadian Nurse". Most of you, perhaps all of you, hope to be married very soon. That is good too and I am all for it. But in homemaking too you have great opportunity to influence others because of your knowledge and interest in nursing. Whatever the future holds for you please remember that one of the aims of your school was to produce good nurses and good citizens.

Bonne chance et bon voyage!

HAZEL B. KEELER.

PHARMACY

Graduation is the culmination of four years of study and social contacts within the halls of this university. You will receive a certificate which will help you open the door of opportunity. To keep this door open, however, you will need more than a Bachelor of Science in Pharmacy degree. The wheels of progress turn rapidly today and no man can foresee just what tomorrow may bring. Under such circumstances, training based on experience of yesterday and today has been subordinated to the study of fundamental principles and to practice in applying these principles to new and unexpected problems as they arise.

To be a successful pharmacist you must be capable of not only carrying out your duties as they are at present constituted, but also of keeping pace with the march of progress. The course which you are completing has been designed to help you meet these needs and to develop and stimulate in you an intellectual curiosity which will remain with you all your life. This curiosity is one of the qualities of the mind which makes the difference between your being a good pharmacist and a mediocre one; it is a quality that will make you a scholar and motivate you to contribute to the progress of the profession of pharmacy. The development of intellectual curiosity coupled with ethical soundness is one of the most important aims of the Faculty of Pharmacy. We want you to have wide interests and to be familiar enough with other disciplines to be able to see the interrelationship of all branches of knowledge.

All members of our Faculty extend congratulations and good wishes to you, and fully expect that you will make a worth while contribution to your profession and to the community where you will live. Pharmacy provides interesting work, opportunity for advancement, a large measure of personal independence, and a fertile field for service of the highest order.

W. C. MacAULAY,
Dean of Pharmacy.

8 "WASA! WASA! . . ."

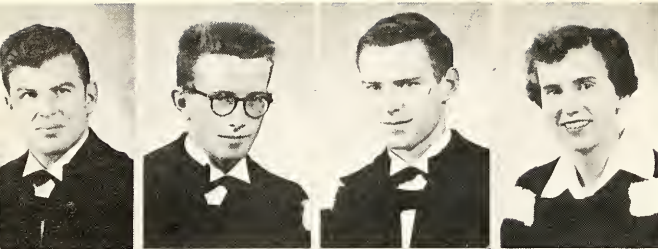

A few years ago you came to the university with your dreams and ambitions; most of them you have probably forgotten for others more real and promising. Not many of your generation have been given the opportunity that has been yours to find a goal in life together with the means of attaining it. We congratulate you on the good use you have made thus far of that opportunity; but we warn you that you have only begun the work of living. The blessings you have enjoyed place great burdens upon you; your joy in the years that lie ahead will depend in large measure upon your eagerness to carry those burdens. May God give you the grace to fulfil the promise of your Graduation Day.

FATHER O'DONNELL.

124

Greetings to the graduating class of 1956 from the Queen of the Sciences represented by the affiliated Theological Colleges! The graduates of all four are proud to be numbered among those of other Colleges who will, I am sure, bring honour to the University of Saskatchewan as they take their place in the thought, industry and culture of our Dominion. "Deo et Patriae" is the motto of the University and there could hardly be a better one. Engineers, lawyers, doctors, nurses, agriculturists, teachers and ministers alike, will all take their share in its fulfilments and thus it is that once again the University of Saskatchewan will enrich the land in which we live.

REV. R. S. DEAN.

VOC AGS

Since its institution as an Associate Course in 1913, the School of Agriculture has sought to instil in its students a wholesome attitude toward the enrichment of Saskatchewan agriculture and rural life. The excellent facilities of the School have provided the concrete means toward realization of this philosophy. No small advantage accrues from the opportunity for future farmers from communities throughout Saskatchewan to receive instruction in modern farm practices on the campus of the Provincial University. Not only does this permit close association with some of the best in scientific minds on the North American continent; it also facilitates fraternity with students preparing for professional occupations. In this setting, the Graduates of the School have shared in the University tradition of questioning old and accepted practices, the stimulation of an aroused curiosity, and the urge to grow in scientific knowledge. As a consequence, they shall leave the University seeing new depth in living, new goals to be achieved, satisfaction in accomplishment, and the challenge of a changing rural environment.

GRAD STUDIES

Graduate work at the University has shown a steady growth over the last few years. Many of the students come to us from far away and just having these first rate young men and women coming to do research in our departments has a very stimulating effect on the whole College. The modern university has, as one of its major aims, the extension of the boundaries of knowledge. A flourishing graduate school helps greatly in the accomplishment of this aim.

VARSITY BAND

A novel feature of the 1955-56 varsity year was the formation of a full-sized dance band on the campus. The Varsity Band, a seventeen-piece aggregation, was started in September as a Music Directorate project, under the leadership of Alec MacFarlane, professional RCAF trombonist from the well-known Toronto Training Command Band. Al led the band until the early part of the new year, when he was transferred back to Toronto, turning the leadership over to Jim Mitchell. Jim is a Regina product who plays lead trumpet with the Regina Hobby Band as well as holding down that chair with the Varsity crew.

The band made its first public appearance in a noon-hour jazz concert in Convocation Hall on Friday, December 9, marking the first time that astute hall has resounded to music of a jazz persuasion since the fondly-remembered days of Gordie King's presentations.

A packed house of student jazz lovers gave the band a terrific ovation for their efforts. The Band's next appearance was at the Law Cabaret in the Club 400 on December 21, when the largest crowd ever to attend a University dance at the club turned out eight hundred people. After Christmas, the Band appeared with the Hilltoppers, famous American vocal quartet, in a concert and dance at the Exhibition Stadium, and also performed at several dances both at the Gym and in the Club 400. The Band's theme was "Beyond the Sea"; their book also included many of the all-time hit tunes of such American name bands as Les Brown, Woody Herman, Gene Krupa, Glenn Miller and Stan Kenton, and special arrangements by MacFarlane and trumpeter Bob Davidson.

The Music Directorate plans to make the band a permanent fixture on the campus, in view of its wide popularity this year.

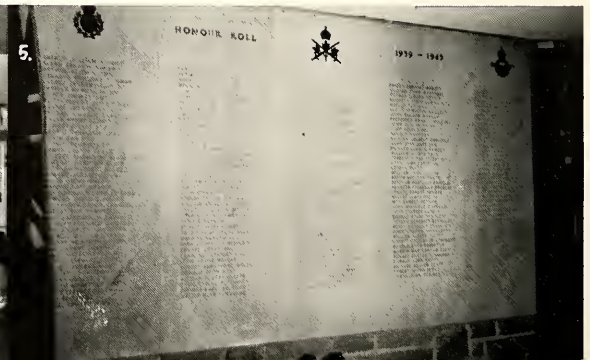

THE VARSITY BAND, as it appeared with the Hilltoppers at the Exhibition Stadium in February. From left to right: Rhythm: Lorne Schnell, piano; Jim Moffat, drums; and Denny Thomas, bass. Saxes: Doug Stack, Pete Grimm, Jim Friesen, Barry Nixon, and Duane Koch; Trombones: Lorry Spratt, Jerry Heath, and Wally Ewasew; Trumpets: Bobs Caldwell, Wayne Jenner, Bob Hammond, Bob Davidson, and Jim Mitchell.

Memorial Union Building

The idea of a student union building was first considered in 1936, but the concept of the building as a war memorial dates from 1945. In October of that year, the S.R.C. decided that any surplus funds would be used to establish a Student Union Trust Fund. Later in 1945, a committee was set up to raise money both on the campus and from the alumni. Finally in 1949, the area south of the two residences was chosen as the definite site of the new building. Actual work on the structure was begun in May, 1953. In accordance with a referendum held early in 1953, it was decided to increase student fees by \$2.50 to assist the M.U.B. program and later a full-time director was hired. After almost twenty years of planning, the Memorial Union Building was officially opened on November 11, 1955.

2. Judge Hay and newly crowned Queen

3. Just no end of queens

4. Queen, Judge, and Princesses

A new feature at this year's Variety show was the crowning of the Campus Queen. The choice of the judges as the girl who would best represent the University this year as Queen was Grace Jasper who represented St. Thomas More College. The princesses were Mary Lou Carter and Donna Kernaghan. It was felt by the committee that this function was a fitting place for the selection of the queen and hoped that this practise would continue in the future. To complete the evening a dance was held in the Gym with the new University band in attendance.

INTERNATIONAL STUDENTS' CLUB

INTERNATIONAL STUDENTS' TEA

INTERNATIONAL STUDENTS' CLUB

Back Row: J. McLEAN, Canada; D. McPHERSON, Scotland; A. CARMICHAEL, Trinidad; B. MA, Hong Kong.
Front Row: W. ALI, Pakistan; SALIMAN, Indonesia; S. MENDIS, Ceylon, GAZI, Pakistan; M. PAPE, Germany.

INTERNATIONAL STUDENTS' CLUB

It is quite belittling that as the INTERNATIONAL STUDENTS' CLUB reaches another milestone in its history, we should take a retrospective view of this year's work; and see whether we have retrograded or progressed.

The year (1955-56) under review may rightly be regarded as one with great achievements. By and large our activities have followed the pattern set in previous years; but they have been much more intensified. The year's work started on the 6th October, when there was a general meeting with election of officers and enrolment of members. The International Tea Party was held in Convocation Hall on October 23rd. Subsequent to this date, we accepted several invitations to tea from different families in the city; and to mark the end of the Christmas term, we were guests to the local Chapter of the I.O.D.E. at a Christmas Dinner on November 26th.

The annual trip to the Regina Legislature sponsored by the Government of the Province came off on the 15th of February.

Then came the big event of the year—the Annual Dinner of the Club. The MUB was the venue. Fully 250 guests dined; and after supper, they repaired to the Lounge where the students from overseas entertained the audience with skits, dancing and brief addresses.

With the close of such a remarkable year, it is the consensus of opinion that the Club is fulfilling its aims and objects, namely, inter alia, bridging the gap and barriers between different nations and cultures. Today our membership stands at fully 80 representing over 29 countries with different civilizations, races, languages and creeds; and from personal contacts we have learned about the problems and aspirations of these various peoples.

We face the future with confidence and resolve.

185

B'NAI B'RITH HILLEL FOUNDATION

This year, the B'nai B'rith Hillel Foundation on the Campus is celebrating its 10th Anniversary. Since its establishment, it has attempted to serve as the liaison between the Jewish student body and its historic Jewish tradition. The Director, Rabbi R. Adler concentrates on the task of making Jewish religious and cultural values vital and relevant for the College generation.

Hillel is not meant as a substitute for University life or for extra curricular activities, it is planned as a supplement.

Hillel activities this year have included bi-monthly guest speakers and discussion group meetings. The Rabbi has also initiated a lecture series on the campus entitled "What the Jews Believe". A workshop was organized for students with special interests.

But, Hillel is not all of a serious nature. We celebrated many joyous religious festivals and have held teas and social evenings.

Hillel despite its small size offers a generous and meaningful program to the Jewish student.

Director, Rabbi R. Adler

Varsity Christian Fellowship

Front row, left to right: PETER BLOCK, ARLENE WEICKER, FAYE FELSTRUM, ARNOT HAWKINS
Back row: BOB BLAKELY, DAVID MARTIN, KEITH WRIGHT, DALE SHEPPERD.
Missing: SHIRLEY MORRISON and LESLIE SHAW.

THE INTER-VARSITY CHRISTIAN FELLOWSHIP

As the name indicates, the V.C.F. is a fellowship of Christian students. It is interdenominational, and of course anyone is welcome to attend the meetings and functions. Special emphasis is placed upon personal allegiance to Jesus Christ. The program is designed, not only to strengthen the members of the group as Christians, but to present others with the claims of Christ as set forth in the Bible.

V.C.F. is a chapter of the I.V.C.F. of North America. I.V.C.F. is a member organization of the International Fellowship of Evangelical Students. I.F.E.S. is the oldest existing interdenominational student body in the world, having developed out of the Evangelical Union of Cambridge, England, and now established on university camps throughout the world.

On our campus, each Thursday at noon there is a general gathering where Christian addresses relevant to university student life are delivered by capable speakers. Bible-study groups meet at various times throughout the week. This gives interested students an opportunity to "dig" for themselves in the abundant source-material found in the Bible, and also to share findings in an atmosphere of friendly discussion. Every other Sunday there is a Tea at which some special subject, (e.g. Missions), is discussed. At intervals, an I.V.C.F. staff-member visits each university group to give guidance and encouragement.

Periodically, a special mission is held at the university—usually in conjunction with other Christian organizations on the Campus. The purpose is to present Christianity. (or Christ), as the answer to the emptiness frequently found in the lives of those who in an academic environment, fail to acknowledge the God who has an interest in each one. The sequence in the V.C.F. motto is, we believe, the right one; first, "to know Christ", and then, "to make Him known".

ALPHA OMEGA

EXECUTIVE

Back row (left to right): PAUL HLECK (PRO); RUTH KLYMYSHYN (Social Convenor); ROMA STRATYCHUK (Membership Convenor); BETTY TATARENKO (Social committee member); GORDON HLECK (Program convenor)
Front row: CONSTANTINE ZELENKO, (President); CLARA ZEMESUKOFF (Secretary); WALTER CHAYKA (Treasurer).

ALPHA OMEGA SOCIETY

The Alpha Omega Society, a non-sectarian, non-political association of Ukrainian students on the campus, is devoted to give Ukrainian culture and history its rightful place in Canadian life. This Society also aims to promote a spirit of fellowship among Ukrainian students on the campus. Since the Society was formed in 1950, many students of Ukrainian origin have been welcomed and been made to "feel at home" on the campus with the help of the Society.

1955 was the year of their twenty-fifth anniversary. In commemoration of this event, the Society has undertaken to publish a JUBILEE BOOK which contains articles by prominent Ukrainian scholars.

The year the Society planned a series of Sunday afternoon firesides at which student members gave papers on interesting topics. Mr. Walter Tarnopolsky spoke on his experiences at the World University Service Seminar in Japan. At the second fireside, Miss Clara Zemesukoff reported on the Western Citizenship Conference held at Banff, Alberta. A panel discussion was held at the home of Prof. and Mrs. A. Michalenko.

The Alpha Omega Society sent two delegates, Miss Clara Zemesukoff and Mr. Taras Monastyrsky, to the Second Congress of the Ukrainian-Canadian Students' Union at Winnipeg in December, 1955.

A scholarship of \$100 is offered by the Society to a needy and deserving student of Ukrainian origin.

By sponsoring activities, such as those mentioned above, the Alpha Omega Society hopes to continue its efforts to make the contribution of Ukrainians a distinctive and a significant one.

SUNDAY EVENING FIRESIDE

President, CONSTANTINE ZELENKO;
and Secretary, CLARA ZEMESUKOFF.

NEWMAN CLUB

Newman Executive, Left to Right: FATHER MONTAGUE, Chaplain; DON MARANDA, Social; MARY DALEY, Co-Social; BILL LAMBERT, President; LUCILLE GAGNE, Vice-President. Standing: ROD McISAAC, Sec.-Treas.

Knights, Priests and Becket: T. S. Eliot's Murder in the Cathedral.

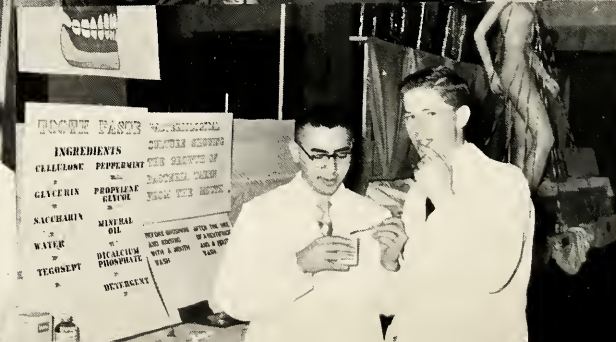

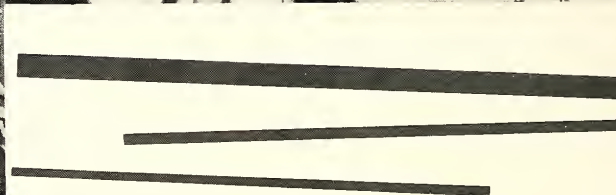

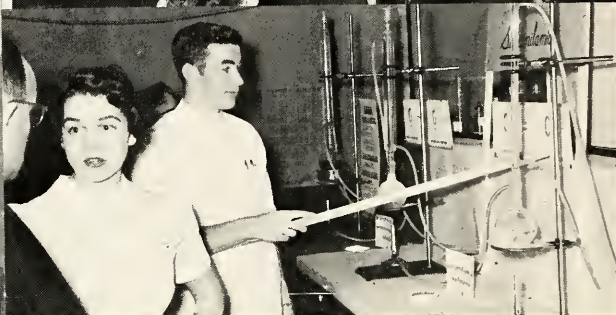

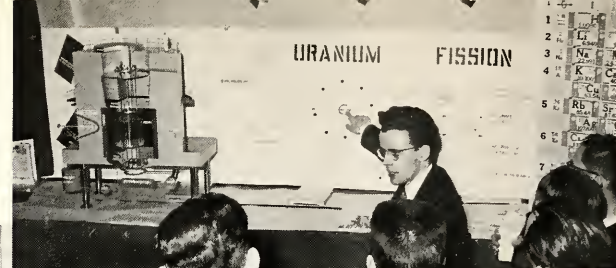

Becket and Chorus—Murder in The Cathedral—Christmas performance.

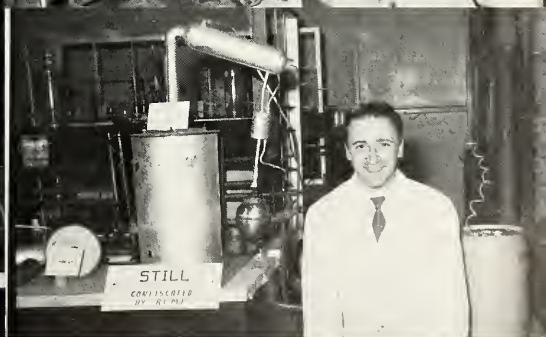

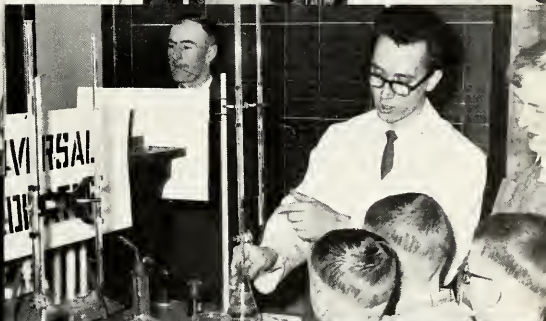

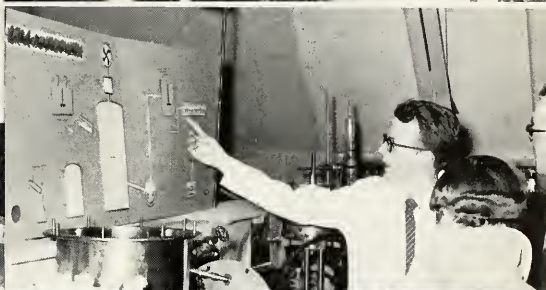

Newman Glee Club: An Evening of Song.

CHEM. PHARM. SHOW

CHEM. PHARM. SHOW

HILLTOPPERS

This year a big feature of the blood drive was the appearance of the Hilltoppers, a name vocal group brought in by the Blood Drive committee to spark the "Drive". The Toppers arrived on the morning of the 14th of February and first appeared at a rally in Convo at noon. Here they rendered several popular numbers and were presented with cuff links as mementoes of their appearance of our campus.

That evening they performed in conjunction with the Varsity Band in a concert and dance at the Exhibition Stadium. Among the numbers which students will remember were "The Kentuckian Song", "Only You", "Till Then".

The Bentley Shield, awarded to the college with the highest percentage of blood donations was presented to Jack Campbell, who accepted it on behalf of the College of Engineering, this year's winners.

HILLTOPPERS

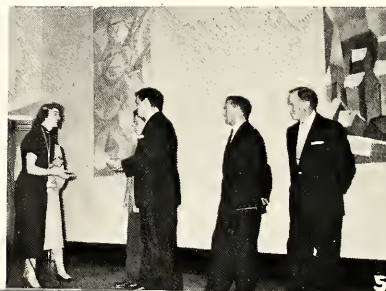

SRC welcomes Hilltoppers at 4 a.m.

The four Hilltoppers, Jimmy Sacca, Eddie Crowe, Clive Dill, Karl Garvin.

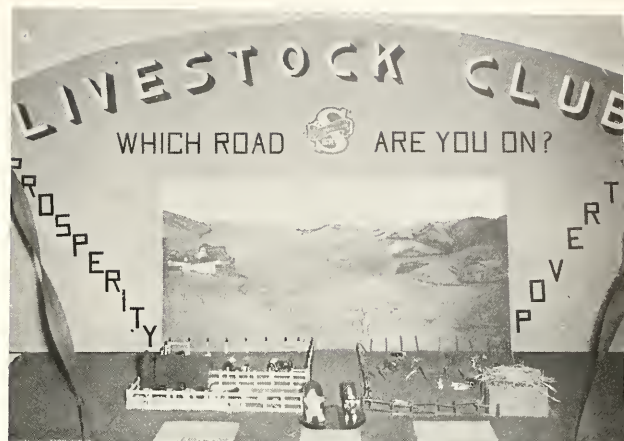

Own lee youuuuu.

Congratulations, Jack (Engineers win the Bentley Shield)

2. BILL GIRGULIS, Guard
4. RAY HNATYSHYN, FW.
5. KEN BIDDELL, FW.
6. BOB UPTON, FW.

The Huskies this year made the most impressive showing in their history. The Green and White gathered eight points in league play, more than any Huskie team has made in the past decade. The largest crowd in Saskatoon history (2,500) witnessed the final series between the Manitoba Bisons and the Huskies in their struggle for the Rigby trophy, emblematic of inter-varsity basketball supremacy. The Bisons emerged as winners in spite of noble efforts by Captain Hudon, Dennis McCarthy and Dick Stark—who were the leading point getters throughout the season. If enthusiasm and spirit repeats itself, the Rigby trophy will be brought to Huskyville next year.

HUSKIETTES

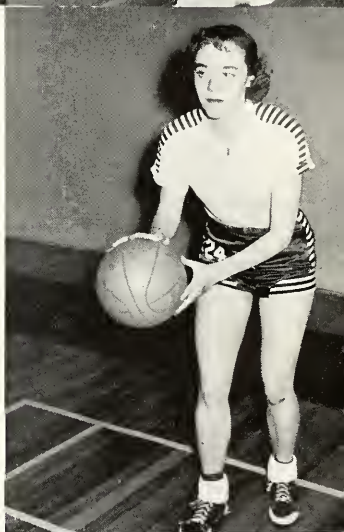

HUSKIETTES

The Huskiettes won Intervarsity Women's Basketball laurels by defeating University of Manitoba (44-33) and University of Alberta (44-33) in a round-robin play-off in Saskatoon, Feb. 3 and 4.

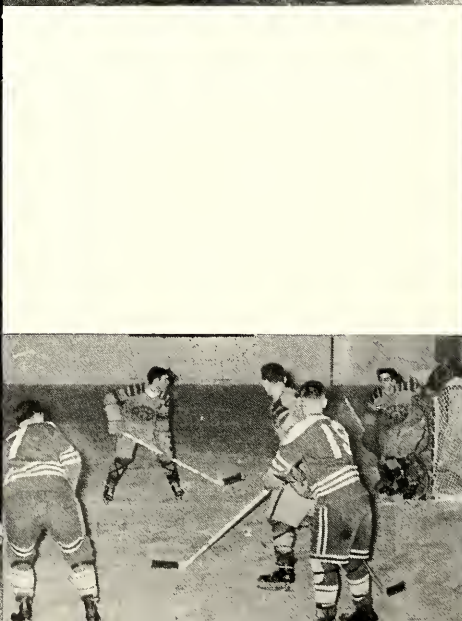

Leading scorers for Huskiettes for both games were—Grace Jasper with 34 points, Joan Benson with 28, and Myrna Needham who netted 21.

HOCKEY CANDIDS

212

Huskie Hockey

The Huskies began this season in fine fashion this year with a trip to Colorado against two prominent American College teams—Denver and Colorado Springs. Although the green and white failed to win a game they did make a good impression as to the calibre of hockey in the Western Canada and Intersarsity League.

This year saw only Alberta and Saskatchewan in the League—with Brandon dropping out; however, Winnipeg has predicted to enter next year. In the home series against the Bears, the Huskies took the first game 3-2 but lost the second by an identical score. On both occasions a capacity crowd witnessed a fine brand of hockey. In the return series at Edmonton, the Green and White were outclassed by the Golden Bears, losing by scores of 8-4 and 5-2, hence losing the series three games to one.

JOY TRELEAVEN, JILL THOMPSON

Bottom row, left to right: GRACE JASPER, GERRY EVANS, JOAN BENSON, LENORE KIVELL

Front row: LENORE CURRIE, Manager

The U of S coeds brought the Dr. Landa trophy for volleyball back to Saskatchewan again this year. In the best of three series against Alberta, which was played in Edmonton this year, the smooth playing coeds defeated the Albertans 29-17 in the first game but were trounced 22-8 in the second game. In the spectacular final encounter the Albertans faltered in the second half—meanwhile the Saskatchewan gals capitalized to earn a 24-19 victory.

MEN'S INTERVARSITY VOLLEYBALL TEAM

Front row: LORNE ASTON, HOWIE BIRNIE, RICHARD KROCZYNSKI

Second row: GEORGE RICHERT, RUBEN RICHERT, DON VINGE, KEITH COVIELLO

The U of S volleyball team retained the volleyball crown again this year. In the thrilling best of five volleyball series, the Saskatchewan squad was trailing 9-4 in the fifth and deciding game before staging a thrilling rally to edge the Albertans 15-12. The U of A copped the opening match 15-10, but the host club came roaring back to take the second game by a decisive 15-2 margin. The visitors took the lead again with a 15-12 count in the third game before the Green and White fought back to post a 15-12 score and force the series to the fifth game.

INTERVARSITY FENCING TEAM

Left to Right: WARREN MACKAY, ALLAN BEKE, THELMA HOWARD, DEL TREW, MARLEEN HAYES, KEN THOMPSON.

WOMEN'S INTERVARSITY BOWLING

Left to Right: EMELIA WASCHUK, GRACE JASPER, ADELAIDE BOWDEN, FRANCES HAIDER, MARG BAXTER.

The U of S coeds captured the Telegraph Bowling tournament championship by virtue of a 2875 score which topped all other ten teams entered in the All-Canadian classic.

WOMEN'S INTERVARSITY FIGURE SKATING TEAM

Saskatchewan were unsuccessful in bringing home the Irving Kline Figure Skating trophy. Alberta won all the Senior Events, but Saskatchewan's coeds dominated in the Junior events. Since the senior victories were allotted two points while the junior only one point, the Albertans were declared winners on a point system basis.

Left to right: JANE ART (manager), DONNA MOFFAT, SHARON HILL, ELLIN GERRIE

MEN'S INTERVARSITY WRESTLING TEAM

The wrestlers took possession of the Rawson trophy, donated by the Men's Athletic Board of Saskatchewan, by winning six out of seven matches against Alberta. In each division the Saskatchewan musclemen proved their strength by thoroughly over-powering their opponents.

Back row (l. to r.): BOB STAPLES, LLOYD SKARSGARD, MERV LOWE, DR. RAWSON
Front row (l. to r.): ELGIN HORTON, ERNIE CHORNOMYDZ, HERMAN SEIFERT

MEN'S INTERVARSITY CURLING

Left to Right: STAN AUSTMAN, CLARE COONEY, RON BIEKER, BRUCE GRIMES.

A well balanced Saskatchewan rink retained the Intersivity Curling Trophy as they won all three matches of the curling series played at Edmonton this year. They defeated Brandon 7-5, Alberta 7-6 and Manitoba 11-7.

WOMEN'S INTERVARSITY CURLING

Left to Right: MURIEL CALLANDER, JOAN WHITEHEAD, ORMA LONGWORTH, GLORIA SEMCHUCK.

The Women's Intersivity Curling Trophy was retained by the Saskatchewan rink this year. They defeated Manitoba 12-6, Alberta 9-6 to cop the title,

GOLF, TENNIS

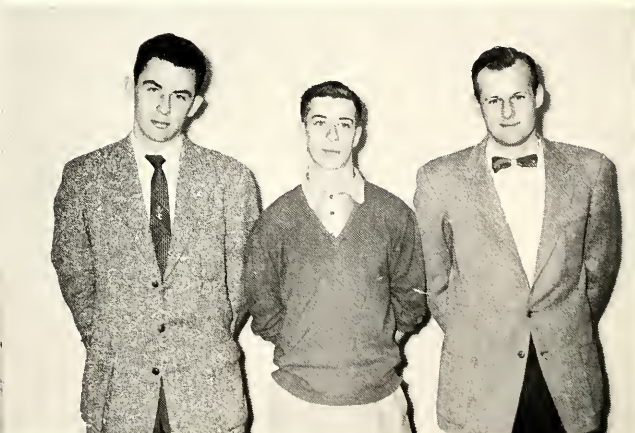

1. **MEN'S INTERVARSITY GOLF**

WIAB

SPORTS CANDIDS

MEN'S INTRAMURAL WRESTLING

The Voc-Ags again this year captured the Intramural Wrestling crown. The rugged farmers won four out of the seven final bouts. The Engineers won two bouts while Education took the third.

Front row, left to right: EARL MENNIE (bantam-weight); HERMAN SIEFERT (light-weight); LARRY LANG (leather-weight)
Back row, left to right: DUANE TUCKER (heavy-weight); TOM RUNCIE (middle-weight); MERV LOWE (light-weight, under 190 lbs.); BOB GOTTS (welter-weight)

MEN'S INTRAMURAL WATERPOLO

Kneeling, left to right: JIM SERNE, JIM TOWNSEND, HARRY HILL. Standing, left to right: JOHN HAYNES, JACK McNEIL, JIM SPARROW, GEORGE LIPSETT, ROD MACKENZIE, MAC FRASER

The Cronkite Trophy emblematic of the waterpolo supremacy was again won by the Engineers this year. In the final game experienced Beersmen out-scored the Voc-Ags by a decisive 8-2 score.

MEN'S INTRAMURAL SOCCER

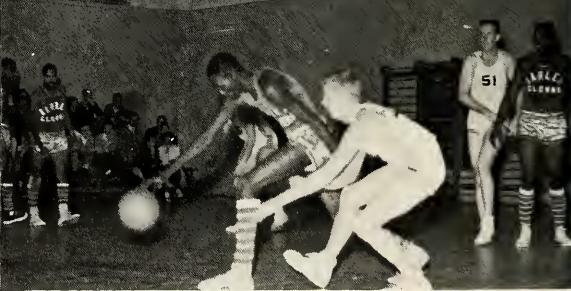

This year the Soccer season was completed on the snow covered turf. In the semi-finals Education faced the powerful Emmanuel congregation while Pharmacy was matched against Agriculture. Education nosed out the Theologs 3-1. The Pillpushers and the Agros battled to a scoreless draw in the first game, but the former emerged victorious, 3-0, in the second encounter. In the final, Pharmacy out-classed Education, with a 3-1 verdict.

Front row, left to right: TERRY LABACH, REG WAGNER, CARROLL CHLOPAN, ELMORE TAYLOR, JOHN SVORKDAL, KEN HODGINS

Second row, left to right: BILL HILL, RUDY GITTENS, WILF LORENZ, STAN AUDETTE, DICK PETLEY

BASKETBALL, VOLLEYBALL

WOMEN'S INTRAMURAL BASKETBALL

1. This WASA basketball team won the Women's Intramural basketball laurels this year by defeating Education in the final.
(Left to Right)—CAROL GOSS, LENORE CURRIE, PAT SEARLES, GAIL ROBINSON, BEV BALL.

MEN'S INTRAMURAL BASKETBALL

2. STM came through with a brilliant victory over Law to win the Intramural basketball championship for the first time in a good many years. This win brought a stop to Commerce's perennial holdership of the Championship.
Back row (left to right)—RAY TOURIGNY, BILL LORAN, ED NOONAN, BUD RHEAUME.
Front row (left to right)—DAN BOLINGBROKE, RON WALSH (coach), ED LeGARS, JIM FYLES.

WOMEN'S INTRAMURAL VOLLEYBALL

3. Front row (left to right)—MAUREEN GILDING, GERRY EVANS, GAIL ROBINSON, LENORE CURRIE.
Back row (left to right)—JOAN BENSON, SANDRA HAY, MYRNA NEEDHAM, PAT SEARLES, MYRNA PUFAHL.
These WASA coeds defeated Education by a convincing score in the Women's Intramural Volleyball playoffs to add another trophy to the WASA shelf.

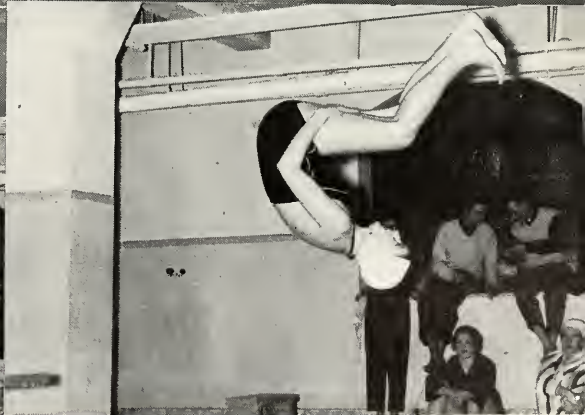

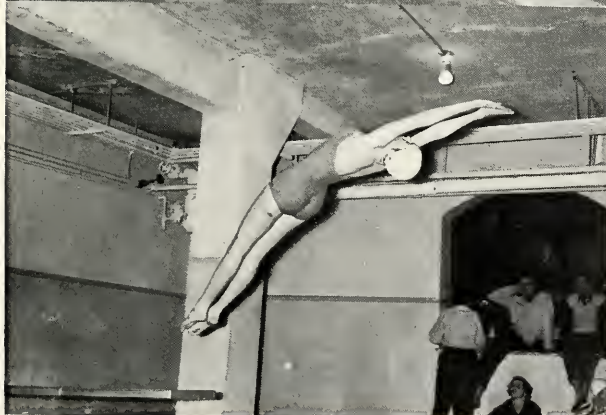

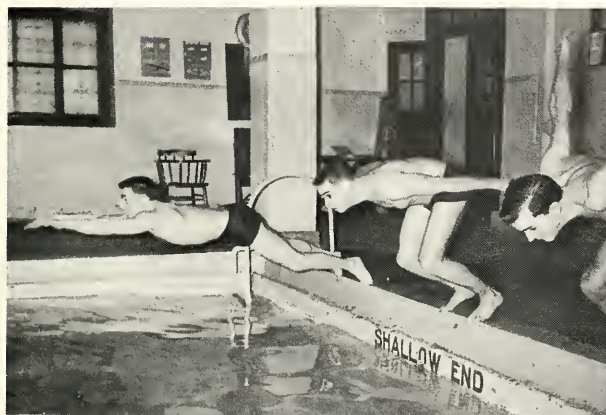

Swimming

WOMEN'S INTRAMURAL SWIMMING

Standing—DONNA MOFFAT, DELVA SEAVY, MARG WRIGHT

Kneeling—SANDRA WARBURTON, CAROL GOSS

This year the Women's Intramural Swimming title was captured by the WASA nymphs. In the men's division, the Engineers outswam the other colleges, to regain the Men's Intramural swimming supremacy.

MEN'S INTRAMURAL CURLING

Left to right—CHUCK DAY, GORD PLAXTON, GLENN FARRELL, GRANT MILNE.

These four Agros won the first event in the Intramural curling playdowns. However, they were defeated in the finals by Stan Austman's quartet who went on to win the Intersarsity crown.

WOMEN'S INTRAMURAL CURLING

Education this year won the Women's Intramural Curling in a thrilling extra-end game against the nurses.

Left to right—MERLA HOLLAND, LORNA JOHNSRUDE, LORRAINE CANT, HELEN MARCHAND.

MEN'S INTRAMURAL HOCKEY

Medicine this year won the Intramural Hockey Championship again by winning all their games in the round-robin play-offs. They defeated the Voc-Ags 8-2; Engineers 3, 4-0; Engineers 1, 5-0.

Front row, left to right—DALE ZOERB, PAUL CHORNOMYDZ, RON STRAUB, FRED LEE, KEITH LAMB, LORNE VINCE.

Centre row, left to right—BILL SCHRAMM, BOB MORROW, ROSS WHEATON, LOWELL LOEWEN, WILF HATHAWAY (coach).

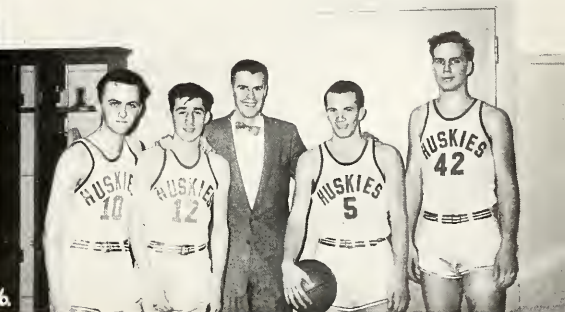

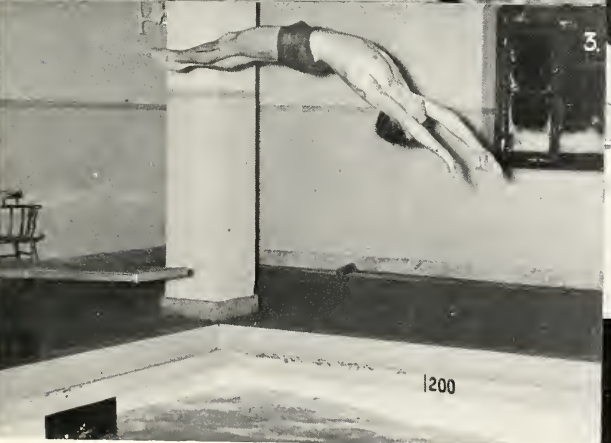

Back row, left to right—GARY FLYK, BOB HASELTON, VIC NEUFELD, JOHN GRIFFITH, CHICK JACOBI.

UNIVERSITY OF SASKATCHEWAN

- ★ **DEGREE COURSES** are offered in Arts (General and Honors), Agriculture, Commerce, Engineering (Civil, Agricultural, Mechanical, Chemical, Geological, Petroleum, Physics, and Electrical), Education, Home Economics, Law, Medicine, Pharmacy, Nursing and the Graduate School.
- ★ **CERTIFICATE COURSES** are given leading to the diplomas of Associate in Arts, Associate in Agriculture, Diploma in Education, Public and Business Administration, Accounting, Clinical Laboratory Technique, Music Certificates. One year Graduate Nurse Diploma Course, three year diploma course in nursing for high school graduates.
- ★ **JUNIOR COLLEGE** courses are given at Regina College, Campion College, Luther College in Regina and St. Peter's College at Muenster.
- ★ **THE SUMMER SCHOOL** at the University offers special courses for teachers and degree courses. Courses in Art are given at Emma Lake.
- ★ **PROFESSIONAL EXAMINATIONS** for which the University is responsible are given as required in Accounting, in Architecture, in Pharmacy, in Veterinary Science, in Dentistry, in Medicine and Surgery, in Law, in Land Surveying, in Optometry, in Engineering, in Agrology, in Music, in Physical Therapy, in Embalming, and in Psychiatric Nursing.
- ★ **ENTRANCE SCHOLARSHIPS.** The University offers four entrance scholarships of the value of \$250 each. Written examinations for the Grade XII diploma will be the basis on which these scholarships will be awarded. Application forms must be completed and returned not later than July 5. Other entrance scholarships are listed in the Scholarship Bulletin.
- ★ **UNIVERSITY UNDERGRADUATE SCHOLARSHIPS.** The University offers 24 scholarships which are based on the scholastic achievements of students. They are awarded at the close of each session and are tenable only for the following winter session.
- ★ **HONOR BURSARIES** of \$265 paid in seven monthly instalments are offered in the fourth year of several courses, one for each department offering a special course.
- ★ Other Scholarships are available and details are outlined in the Scholarship Bulletin.

For information regarding admission requirements, courses, and for the admission application forms required from all new students, apply to the

REGISTRAR, UNIVERSITY OF SASKATCHEWAN, SASKATOON.

NOW THEY HAVE FERGUSON TRACTORS *in Shangri-La!*

There's a new sound in the picturesque land of Tibet beyond the Himalayas—the power-song of a tractor's engine. It's a strange and wonderful sound to the Tibetans who for centuries have worked the land with plodding, shaggy-haired yaks.

Tractors are at work on the high plateaus of Tibet today because an enterprising Ferguson dealer believed progress could be sold—even in so remote and inaccessible a land. So he took the tractors apart at his dealership in northern India, packed them piece by piece into wooden crates, and transported them over the mountains by mule train.

Modern agricultural knowledge and farming techniques are being extended by Massey-Harris-Ferguson, as in Tibet, to a great many faraway lands, for progress *can* be sold. Business done by the company in 142 countries throughout the world creates a volume of production resulting in lower manufacturing costs. This helps Massey-Harris-Ferguson to maintain the selling prices of its products at a low level of increase.

Moreover, a large part of the company's earnings from trade in other parts of the world is spent in Canada for labour, materials and services—for the greater prosperity of *all* Canadians.

How an Atomic Electric Power Plant works

Heat generated by a fuel source of uranium rods in the atomic reactor, or furnace, superheats "heavy" water which is piped through a heat exchanger where ordinary water is turned to steam. Once steam is

created, electricity is generated by a conventional steam-driven turbine-generator. The electricity produced is the same as the electric power we use today.

CANADIAN GENERAL ELECTRIC

together with Atomic Energy of Canada Limited and Ontario Hydro
to build Canada's first Atomic Electric Power Plant

DRAMATIC proof of Canada's world prominence in the development of nuclear energy for industrial purposes is the atomic electric power plant now being designed for erection near Chalk River, Ontario.

Basically, the plant will consist of an atomic reactor and an electric generator driven by a steam turbine. The vast heat from the reactor, or furnace, creates the steam to drive the turbine. This unique power plant when completed, will become part of the Ontario Hydro system.

Electricity from the atomic power plant will be exactly the same as the electric power we know today. Only the source of energy to produce the steam is changed. Atomic fission of uranium rods will provide the heat instead of burning coal, oil or gas as in a conventional furnace.

For the complex and challenging assignment of engineering and constructing Canada's first atomic electric power plant, a new organization has been formed within Canadian General Electric—the Civil-

ian Atomic Power Department. Already a hand-picked group of highly qualified people, including top nuclear experts, is working full-time on the project.

Canadian General Electric is deeply conscious of its great responsibilities in pioneering this new and vital development. The invaluable knowledge and experience gained from all phases of the work will be freely available to privately and publicly owned power companies across Canada. It will be a working pilot plant on which to base the atomic electric stations of tomorrow. These may eventually become this country's major source of electricity.

For over 60 years, Canadian General Electric has helped to spread the benefits of electric power throughout this country—building equipment to generate power, transmit it and put it to work. It is gratifying to have this historic opportunity to contribute both experience and a share of the cost to a development that will still further promote the electrical way of living for all Canadians.

Progress Is Our Most Important Product

CANADIAN GENERAL ELECTRIC COMPANY LIMITED

... What's behind the grain man ?

Usually, millions of dollars' worth of tangible and intangible assets. And something else that has no price tag at all—company policy.

A company policy that puts service to its customers above all else, dovetails perfectly with a good grainman's convictions, reflects favorably in his business—and that of his company.

National Grain business has increased six-fold since its beginning 60 years ago.

Chem-Pharm show is deemed big success

HOMECOMING PARADE TERMED "BEST EVER"

Chem-Pharm show is deemed big success

The Chem-Pharm show, held last Thursday, Friday and Saturday evenings and Saturday afternoon, turned out to be a magnificent success.

The four complete shows, all of which yielded a packed house, brought out a total of 2,400 persons.

Specialty successful was the Chem-Pharm show, an exhibition which went over with a bang. The

Drama Club to present group of short plays

And one which recently made new headlines, will be a dramatic station in the history of the cable industry. The University of Toronto's Electronic Brain Trust technique shows great promise for the future of the industry. It is a combination of computers and our animated worldwide interest.

Among the many of the lectures to be displayed will be the Brain Trust H-P, some of the latest methods of X-ray photography and cancer treatment, as well as the latest in the use of course in the treatment of the eye. It is a hundred of gadgets, in-

Beersman Sidewalk defaced by unidentified hoodlums

The new sidewalk across the bowl, built through the courtesy of the engineers, had an unofficial opening during the week. Under cover of fog, several dastardly individuals wearing masks, Commerce sweaters and Aggro hats, stole from the shadows and performed the opening ceremony in whispers and low guttural growls.

Nor was this the extent of their crimes. They had kidnapped (a Federal offense) two of the best-known and best-beloved students in Dispersal Center. Spak's wife, to Abre

Hanson leads Huskies to 3-2 win in opener

Rookie Oscar Hanson led the Huskies to an exciting 3-2 finish over the U. of A. Golden Bears last Friday night before a capacity crowd of near 1,000 fans.

Hanson blinked the light out at 17:1 of the first period from a pass from Bernie Byrnes, who had just returned to the field after a timeout. Hanson's shot was just leaving the penalty box when the referee blew the whistle.

In the third period the Huskies made numerous breakaway rushes, but failed to convert. The game was tied 1-1. Wayne Jensen, a tremendous player due to poor shooting to the efforts of Brian Johnston.

GYPSUM

PRODUCTS

- There are good reasons for the popularity of Gypsum Products.
- Gypsum Products are FLEXIBLE in their use. Moulded Cornices, Casted Moulds and Curved Surfaces are easily formed with Plaster.
- Gypsum Products are FIREPROOF and have a proven record of outstanding fire protection.
- Gypsum is an inert mineral and WILL NOT SHRINK or EXPAND under normal conditions.
- Gypsum is PERMANENT. The history of Gypsum goes back to the time of the pyramids.

Gypsum Products are light in weight and easy to handle. Specify these Gypsum Products for any number of uses:

WESTERN BASE COAT PLASTERS	WESTERN FINISH PLASTERS
STONELATH (Gypsum Plaster Base)	
STONEBORD (Wallboard)	STONELAP (Sheathing)
WESTERN GYPSUM POURED ROOF	
"WESTILE" GYPSUM PARTITION TILE	

We welcome enquiries about our products and their application. Just write our office at 306 Electric Railway Chambers, Winnipeg, Man.

THE BANK OF NOVA SCOTIA

THE OLD

THE NEW

WAS DARWIN RIGHT?

A good question for University graduates to mull over.

Darwin described life in terms of "survival of the fittest"—"nature red in tooth and claw"—"struggle for existence".

Darwin was talking primarily about Nature. Others applied his views to Man in Society—and justified the most rugged of rugged individualism, the toughest dog-eat-dog competition.

Certainly, Darwin was right in many respects. But thinkers from Kropotkin to the present have challenged the application of Darwinian theories to human society.

Co-operators believe "mutual aid is the rule of life". They agree with scientists who state that, in human society, Darwin's dictum should read—"survival of those fittest to co-operate".

Which viewpoint is closer to the truth—Darwin undiluted, or Darwin revised? If you find the evidence to be on the side of co-operation, we invite you to join and support the movement for economic co-operation.

our

Advertisers

CO-EDITOR'S MESSAGE

It is fitting as the 1956 edition of the GREYSTONE is distributed to the students that we should express our best wishes to them, as they leave either for a summer vacation or as graduates to their new vocations. I trust that as you look back on your edition of the yearbook that many happy memories will come to you of your life at the University. I hope that you will keep your books because you will find that their value grows as the years go by and in many ways it will be your strongest link with your time spent at varsity.

As we have gathered material and assembled it for various pages for this edition, we do not claim that it is free of mistakes, but have tried to keep them to a minimum. On the other hand, we have tried to incorporate some new ideas and features which we hope you will appreciate. By this I mean the new type of paper you will find on two of the sections, the duo-tone work on the first section, the pictures of professors and heads of various departments, the use of an index, the new cover design, etc. It is our hope that you will convey to next year's editors your feelings on these changes and your reactions to them. Basically this is the students' yearbook and we appreciate constructive criticism from the students as to what they want in their book. As you know there are many difficulties connected with a project of this kind, not the least of which is the tardiness of students having their pictures taken at designated times and the failure of informing us of changes that they wanted until it was too late.

I would like to express my thanks to the staff of this year's GREYSTONE for their efforts which made it possible to produce this book. Also, we express our appreciation to our advertisers whose help financially makes it possible to have as large a book as we have. I hope that you will, whenever possible, support them in return for their assistance to us. Our appreciation is also due to New Hollywood Studios who took this year's portraits, and to Commercial Printers of Edmonton for the printing and artwork.

Best wishes to the graduates. Always remember your University, the Green and White and the Greystone walls which will have an ever increasing influence on your lives.
